

Susan Swartz to unveil latest work

Six paintings will be displayed at Kimball Junction's new Zions Bank

Susan Swartz Studios of Deer Valley announced that international artist Susan Swartz will present a series of six paintings for Zions Bank on Thursday, April 15. The paintings were commissioned over a couple of years by Zions Bank and will hang in their newest office at Kimball Junction.

"My inspiration for this particular location was the beautiful aspens that emanate from the dramatic mountain canyons. These aspens and their stunning fall colors are a recognizable part of this close-knit community," says Swartz. When asked about the concept of art in financial institutions, Swartz added, "I

hope my spiritual inspirations help others to slow down and appreciate beauty and nature in life."

Swartz is one of the official Olympic artists for the 2002 Winter Olympics and has permanent collections in the Salt Lake Olympic Museum and the International Olympic Museum in Lausanne, Switzerland. Other commissions include those for First National Bank of Princeton, Johnson & Johnson in New Brunswick, Oki High School in Japan, the Utah Symphony and private collections worldwide. The Phoenix Gallery in Park City exhibits the works of Susan Swartz locally.

ART BY SUSAN SWARTZ

Local artist Susan Swartz's "Evergreens Among Aspens" is one of six pieces that will be on display in Kimball Junction.
